Seoul, Korea | Feb 2013, GPA 3.82/4.0 (Graduated Summa Cum Laude)
Bachelor of Science in Industrial Engineering
Bachelor of Art in Chinese Economy & Trade Program

WORK EXPERIENCE

Product Designer, University of Michigan Transportation Research Institute

Ann Arbor, MI | Sep. 2017 - Present
• Created flowcharts on a mobile app for bikesharing and ridesharing service for a major ride-sharing company in China, DiDi Chuxing, providing transportation services for more than 400 million users

UX Co-op, ANSYS

Canonsburg, PA | May 2017 - Aug. 2017
• Designed new interaction patterns and futuristic UI design for 3D modeling and simulation software. Visualized design ideas with mockups and prototypes
• Improved usability of engineering simulation software by creating icons visualizing complex engineering solving problem concepts

Research Assistant, University of Michigan

Ann Arbor, MI | Jan. 2017 - Jul. 2017
• Conducted literature reviews, synthesized findings regarding technology design interventions for young adults' mental health, and performed qualitative interviews with 13 participants

Researcher, Korean Standards Association

Seoul, Korea | Jan. 2013 - May 2015
• Led the creation of 4,000 respondent customer satisfaction surveys and organized 36 focus group interviews to provide insights into improving service quality for six companies
• Planned, designed, and launched the advertising campaign for the top 30 Korean service industry companies, leading to placement in the top five busiest Korean subway stations and in JoongAng Daily, the most well-known Korean newspaper

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Product Designer, 2017 CHI Student Design Competition Project

Ann Arbor, MI | Sep 2016 - Jan 2017
• Designed car sharing service and a mobile app to enable low-income community members who need transportation to use ride sharing service without giving financial burden.
• Selected as the winners of 2017 Diversity, Equity and Inclusion award at ExpoSition

UX Designer, Yummich

Ann Arbor, MI | Sep 2016 - Dec 2016
• Created over 10 sketches, interviewed four potential users, sketched paper prototypes, and designed a hi-fidelity mobile application prototype that aims to match user's food preferences to a local restaurant

UX Designer, forma

Chicago, IL | Feb 2017 - Mar 2017
• Voluntarily Designed a user-centered website for a non-profit organization
